Call for PhD Symposium Papers

14th International Conference ICTERI 2018
ICT in Education, Research, and Industrial Applications: PhD Symposium

May 14-17, 2018, Kiev – Ukraine

PhD Symposium at ICTERI 2018
The PhD Symposium at ICTERI is organized for young researchers who are at the beginning of their career, such as Master or PhD students and also young researchers from industry. Our vision of the PhD Symposium at ICTERI is to provide an expert environment for the presentation of ideas and early results of PhD projects or other research aiming at receiving a PhD. Young researchers, who will join us to take part in discussions and/or present their papers, will be offered a rare opportunity to exchange and discuss their research ideas with their peers, supervisors, and senior scientists working in the fields within the scope of ICTERI 2018. It is also planned to organize a PhD Mentor Panel as part of the ICTERI PhD Symposium 2018.

PhD Symposium Scope
The following research topics are being proposed for discussion at ICTERI PhD Symposium:
- (Semantic) Integration and Interoperability
- Managing Big Data
- Data Analysis and Business Intelligence
- Machine Learning and Decision Making
- Soft Computing
- Distributed Computing
- Interactive and Reactive Systems
- Architecture Models for Distributed Systems
- Rigorous Models and Methods for Specification and Analysis of Modern Software Systems
- Advances in and Tools for Technology Enhanced Learning
- Modeling Systems in Education
- Methodology and Didactics of Teaching and Using ICT
- Infrastructures and Framework Conditions for ICT Education

We will consider theoretical, experimental, and technological research and development projects of PhD students.
