CoSinE 2019 as is

CoSinE is an irregular peer-reviewed international workshop co-located with ICTERI focusing on theory and practice of computer simulation in education. This workshop is dedicated to the memory of our colleague Illia O. Teplytskyi (1941-2018), and his pioneering work in the field of computer simulation in education.

CoSinE 2019 puts special emphasis on real-world applications of computer simulation in education. Therefore, all contributors are strongly encouraged to demonstrate how and for what purpose the proposed solutions are to be used. Examples could be taken from case studies involving new tools and/or methodological approaches in education, experimental studies with usable learning applications, or surveys revealing new modelling tools in educational research and practice.

The program of CoSinE 2019 will include a panel discussion, contributed presentations of the accomplished work and work in progress. The workshop will last for one full day.

Important Dates
(23:59 Hawaii time)
- Monday, 25.03.2019 - paper submission deadline
- Monday, 22.04.2019 - acceptance notification
- Monday, 06.05.2019 - camera ready papers submission deadline
- Monday, 06.05.2019 - registration deadline
- Wednesday, 12.06.2019 - workshop day

No Workshop Fee
CoSinE does not charge any workshop fee. Participation is free.

Topics of interest
CoSinE topics of interest include, but are not limited to, the following:
- Computer simulation in science and mathematics learning
- Educational data mining and learning analytics
- Learning environments models
- Modelling systems in education
- Virtualization of learning
Submission Types and Requirements

CoSinE solicits (i) full research papers, (ii) discussion, survey, or problem analysis papers (both 10-16 LNCS pages). The same evaluation criteria as are used at the ICTERI 2019 Conference. Please refer to http://icteri.org/icteri-2019/submission-types/ for more details.

Submission Guidelines

The main language of CoSinE is English. Submissions in any other language will be rejected without review. Presentations in any other language are accepted.

All submissions shall be annotated by the key words/phrases freely chosen by the authors. At least three and at most five key phrases have to be provided.

All submissions must comply with the Springer CCIS format guidelines. Formatting instructions and template, as well as submission guidelines, are provided for your convenience at the ICTERI 2019 web site: http://icteri.org/icteri-2019/.

Submissions must be made in .pdf by via the EasyChair System: https://easychair.org/conferences/?conf=icteri2019.

Please submit your paper to the CoSinE 2019 Workshop.

Evaluation of Workshop Papers

Every submission will be evaluated by at least three members of the CoSinE Program Committee. Based on evaluation results, the best papers will be accepted for their presentation at the workshop and, if written in English, publication in the proceedings. To ensure the overall high quality of proceedings volume, ICTERI 2019 Program Chairs will do final checks of the papers recommended for the inclusion in the proceedings. In this context, we retain our right to not accept the papers which do not meet the quality standard of ICTERI. Keeping this standard at a persistently high level is crucial for further ICTERI series publications.

Publication of CoSinE 2019

1. Only papers written in proper English can be recommended, if accepted by the CoSinE Program Committee and ICTERI Program Chairs, for the inclusion into the ICTERI 2019 Workshop Proceedings which will be published electronically at CEUR-WS (indexed by Scopus).

2. The best papers among the accepted and presented at the conference will be selected and invited by the ICTERI Steering Committee to be revised and extended for the ICTERI post-proceedings volume by Springer Communications in the Computer and Information Science (CCIS) series (pending approval).

Please check the Previous ICTERI Conferences page at the ICTERI 2019 web site (http://icteri.org/icteri-2019/previous-icteri-conferences/) to access the proceedings and post-proceedings volumes published by the previous conferences.

Presentation

Accepted papers must be presented at the conference by one of their authors, who commit to register and attend the workshop. Workshop organizers will withdraw the paper from the publication in CEUR-WS proceedings if the author(s) do not attend the workshop.

Program Committee of CoSinE 2019

ICTERI 2019 Program Chairs

Vadim Ermolayev, Zaporojezhia National University, Ukraine
Frédéric Mallet, Universite Nice Sophia-Antipolis, France

PC Co-Chairs

Arnold Kiv (kiv.arnold20@gmail.com), Ben-Gurion University of the Negev, Israel
Serhiy Semenikov (semenikov@gmail.com), Kryvyi Rih State Pedagogical University, Ukraine
Vladimir Soloviev (vmsoloviev2016@gmail.com), Kryvyi Rih State Pedagogical University, Ukraine
Andrii Striuk (andrey.n.stryuk@gmail.com), Kryvyi Rih National University, Ukraine

PC Members

Ludmila Bilousova, H. S. Skovoroda Kharkiv National Pedagogical University, Ukraine
Emre Erturk, Eastern Institute of Technology, New Zealand
Irina Georgescu, Academy of Economic Studies, Romania
Alyta Grudis, Vilnius University, Lithuania
Vita Hamanyuk, Kryvyi Rih State Pedagogical University, Ukraine
Nadia Kabachi, Claude Bernard Lyon 1 University, France
Taras Kavetskyy, John Paul II Catholic University of Lublin, Poland
Oleksandr Kolgaits, H. S. Skovoroda Kharkiv National Pedagogical University, Ukraine
Tatyana Koycheva, K. D. Ushynsky South Ukrainian National Pedagogical University, Ukraine
Tamara Lobanova-Shunina, Riga Technical University, Latvia
Alex Merzlykin, Kryvyi Rih Educational Complex No 129 “Gymnasium-Lyceum of Academic Direction”, Ukraine
Yuliya Nosenko, Institute of Information Technologies and Learning Tools of the NAES of Ukraine, Ukraine
Sumitra Numesseti, Swami Sundaranda Rajabhat University, Thailand
Laima Okuneviciute Neurauskiene, Vilnius Gediminas Technical University, Lithuania
Jaderick P. Palibo, University of the Philippines Los Baños, Philippines
Liubov Panchenko, National Technical University of Ukraine “Igor Sikorsky Kyiv Polytechnic Institute”, Ukraine
Giouli Pappa, Cyprus University of Technology, Cyprus
Lukas Pichl, International Christian University, Japan
Olga Pichuk, Institute of Information Technologies and Learning Tools of the NAES of Ukraine, Ukraine
Nina Rizun, Gdaňsk University of Technology, Poland
Eugene Sedov, K. D. Ushynsky South Ukrainian National Pedagogical University, Ukraine
Oleksandra Sokoljuk, Institute of Information Technologies and Learning Tools of the NAES of Ukraine, Ukraine
Nataliia P. Volkova, Alfred Nobel University, Ukraine
Yulia Yechkalo, Kryvyi Rih National University, Ukraine

How to Get to Kherson

Kherson is the regional capital city in the South of Ukraine. It is a nice and calm city with many nations living in one comfortable place. It is famous for its traditions of southern-Ukrainian hospitality. Kherson region is also known for its passion and effort in protecting and maintaining the natural environment. The city and neighborhood offer abundant attractions for traditional and ecological tourism. Kherson is well connected to international air hubs through its local airport. (http://airport.kherson.ua/?lang=en). More details are available at the Conference Venue page at the ICTERI 2019 web site: http://icteri.org/icteri-2019/conference-venue/.
